

French 2200  
Specific Curriculum Outcomes

In all units of *Destinations 4* students are working towards the attainment of the specific outcomes as follows:

- Explain, with support, needs, desires, opinions and emotions
- Interact effectively, and on occasion spontaneously, in French in everyday situations
  - using a range of vocabulary
  - using past, present and future tenses
  - orally and in written form
- With support, create texts using the writing process and incorporating information from a variety of resources
- Describe events and experiences in logical progression
- Transcribe oral communications into written form
- Adapt information, with support, from oral texts to complete a task
- Read texts for enjoyment and information and respond to such texts in ways that involve general knowledge and personal experience
- View, listen to and read creative works with support and respond to them through various means
- Begin to use reference materials independently to facilitate comprehension and to sustain communication
- Use collaborative techniques to plan a presentation.
